TURBOTEC TEAM ENHANCED WITH ADDITIONAL SALES STAFF

Turbotec Products, Inc. a world leader in high performance heat exchangers, announces Tom Allen as Outside Sales Manager and Joshua White as Sales Account Engineer.

Tom Allen brings over 25 years of refrigeration /HVAC expertise. He was previously Northeast Regional Manager at Heatcraft Refrigeration. Tom's current focus at Turbotec includes managing and developing the Heat Recovery products program.

Joshua White is a graduate of Western New England College in Business Administration and was rental manager of an industrial equipment company in Springfield, Massachusetts. Josh will be assisting with the account managing needs of new and existing OEM accounts.

"We look forward to working with both Tom and Joshua toward the common goal of growing and strengthening our service to our customers ", says Floyd Lewis, Director of Sales and Marketing. "Our clientele expect the personal and knowledgeable attention that we are known for and we look to ensure that, with our continued growth, we maintain available staff to service them".

Turbotec, a world leader in enhanced heat transfer technology, manufactures a diverse range of high performance heat exchangers for virtually any space conditioning or refrigeration application in the biomedical, geothermal, water heating and heat pump markets. Turbotec tubing offers dramatic increases in heat transfer efficiency-providing

up to 4 times the efficiency of smooth tubing and can be shaped into virtually any space saving configuration.
