### **TURBOTEC ANNOUNCES ADDITION OF KEY STAFF**

Turbotec Products, Inc., a leader in high performance heat exchangers, announces the addition of Chuck Ingram as Director of Sales and Marketing.

Chuck brings over 20 years of business development experience managing strategic planning based on customer-focused initiatives in the heat transfer, refrigeration and air conditioning industries. He most recently served as North American Sales Manager at SWEP International. He also worked at Fastest in progressive positions leading to VP and GM of Refrigeration and at Carrier Corp., as Regional Sales Manager from 1998 to 2002.

Chuck will be focusing his efforts on business development and continued customer satisfaction as the company transitions from Windsor, Connecticut to Hickory, North Carolina.

Chuck can be reached at (770) 329-8817 and via email at [cingram@turbotecproducts.com](mailto:cingram@turbotecproducts.com).

Turbotec, a leader in enhanced heat transfer technology, manufactures a diverse range of high performance heat exchangers for virtually any space conditioning or refrigeration application in the geothermal, water heating, heat pump and heat recovery markets. Turbotec tubing offers dramatic increases in heat transfer efficiency- providing up to 4 times the efficiency of smooth tubing and can be shaped into virtually any space saving configuration.

For additional information, contact Turbotec at (860) 731-4216, (800) 394-1633 outside of Conn.) or visit us on the web at [www.turbotecproducts.com](http://www.turbotecproducts.com).
