

# Energy Efficiency Initiative Underway

Turbotec has joined with Energy Star in their commitment to become more energy efficient.

As an Energy Star partner, Turbotec hopes to follow in the footsteps of fellow partners and giants, such as Walmart, Marriot, and Pepsi, who have also pledged to reduce their carbon footprint.

Though plans are still in the works for our own energy initiative, it marks a beginning in the conscious, long term commitment to save time, money and energy.
